SITUATION :

You are a marketing advisor for a security company which intends to launch this mini camera on the market and you have a meeting with your team to discuss strategies you will put in place to promote this new product.

After defining your customer base, you will imagine arguments to convince as many customers as possible.

Then you will make suggestions about the promotional actions to set up to promote the product..

You could focus on :

- the price
- the advantages of the product and the various situations/places where it can be used
- special offers
